

April 20, Tuesday
9:30 A.M.

Dear Vicki and Jim,

I am glad to be back home again and I have recovered from the flu so I am going to play bridge this morning. I went to my Swedish class last night and the majority have dropped out by now so the class is very small. We have only three more times to go. I plan to take it again next year.

In dad's opinion he thinks it is better to rent than to buy a place as long as there is a possibility of ever moving in a year or so. It isn't always easy to sell right away and it is an extra burden to have a house to get rid of when you want to leave.

It is cloudy and rainy today.

Dionne Meinisch wants the job of taking care of our yard for five dollars a week and I might take her up on it. She has divorced John and she wants lawn jobs as she works in the beauty salon only on week ends.

I think it is wonderful you both have bicycles. You two really have a lot of fun together.

I talked to Mary yesterday and she had received your letter.

I hope my package arrived by now. The service really is slow. I have noticed it even on the air mail letters.

Well time for bridge now and more later.

Love,

Mom.
